

Extra Board Claims: You will need to put in a time claim each time you are used to protect another extra board.

Example: You are assigned to the ZC252 XE21 and are used to protect a job the ZC252 XE01 normally protects. This would be the claim you should submit:

**Claim 130 miles (1 basic day) plus my round trip wages over and above my Extra Board Guarantee account the ZC252 XE01 was not being manned properly.
I was used from Salem to Dexter on 04/29/05 and Dexter to Salem on 04/30/05 account having to protect a vacancy on the ZC252 RE12 CE01 that should have been protected by the ZC252 XE01 which was not manned properly and being used off my regular assigned Extra Board ZC252 XE21.**

You can go back 60 days to submit claims when you have been used this way. This claim could be at St Louis protecting Zone 1 to Zone 2 boards or Villa Grove protecting Salem boards, ect.

Don't hesitate to give me a call if you have any questions.
